

Those are hard boots to fill...

Fires. Crimes. Rescues.
They keep our communities safe.

**TAKE IT FROM THOSE ON THE FRONT LINES:
Issue 2 makes it harder for our fire, police, and
emergency forces to protect us and our families.**

“We put our trust in our equipment, our training, and – most of all – our fellow firefighters. But Issue 2 makes it illegal for us to negotiate for enough firefighters to do the job – putting decisions about staffing levels out of our hands and into the hands of bureaucrats. That’s just not right.”
– Mark Hill, Ohio Firefighter

“It’s instilled in us from our first days in the Academy: when confronting a threat, call for backup – but if our forces are stretched thin by bureaucrats because of Issue 2, then response times could be longer.”
– Shannon David, Ohio Law Enforcement Officer

“Auto accidents, falls, heart attacks, strokes, even checking on seniors during power outages... we do it all, and I feel better knowing I have enough men and women beside me to do the job.”
– Mark Kasik, Ohio Firefighter & Paramedic

NO ISSUE **2**
STOP SB **5**
